The Gunslinger's Hop

As you open the door and ascend the staircase at The Gunslinger's Hop, your eyes will be drawn to a magnificent painting hanging prominently above the stairs. This masterpiece, titled *The Battle of Ambarawa*, was specially commissioned from renowned Yogyakarta artist Sigit Raharjo and completed in 2023. It serves as the centerpiece of our venue and has quickly become the most photographed spot on the premises.

The Battle of Ambarawa holds a significant place in Indonesian history. This pivotal event marked Indonesia's fierce defense of its independence against Allied forces, resulting in approximately 20,000 casualties. Despite the immense sacrifice, the battle was a turning point in the nation's struggle for sovereignty. It not only showcased Indonesia's resilience but also shifted global perspectives, leading other nations to support the recognition of Indonesian independence through diplomacy.

Sigit Raharjo's artwork captures this historic moment with incredible precision. The painting features more than 500 individually detailed figures, each brought to life with remarkable artistry. If you take a moment to focus on the far corners, you'll notice the extraordinary care and depth of detail that Mr. Sigit has infused into every aspect of this work. From the expressions of the soldiers to the chaos of the battlefield, the painting immerses viewers in the emotions and gravity of the event.

While you enjoy one of our signature cocktails, take some time to appreciate this extraordinary piece of art. Look closely, explore the layers of history it depicts, and let it transport you to one of the most defining moments in Indonesia's past.

Antique Reclaimed Art Nouveau Ceiling

Suspended just above the bar counter, you'll find a series of exquisite tin ceiling panels adorned with intricate Art Nouveau motifs. These panels carry a story of their own, having been salvaged directly from a Dutch colonial house that had fallen into ruin. Their journey to The Gunslinger's Hop was not without transformation.

Originally painted white, the panels underwent a meticulous restoration process. We carefully stripped away the old paint, revealing the raw beauty of the metal beneath. While some areas show signs of rust and natural wear-testaments to the passage of time-we chose to embrace these imperfections. Rather than disguising them, we preserved the panels in their authentic state, allowing their history to shine through. These marks of age and character now serve as a focal point, adding a layer of authenticity and nostalgia to the space.

Take a moment to admire the intricate craftsmanship of the Art Nouveau designs, which reflect the elegance and artistry of a bygone era. Whether you're enjoying a cocktail or simply soaking in the ambiance, these panels invite you to connect with the rich colonial history that defines The Gunslinger's Hop.
