Antique Reclaimed Art Nouveau Ceiling

Suspended just above the bar counter, you'll find a series of exquisite tin ceiling panels adorned with intricate Art Nouveau motifs. These panels carry a story of their own, having been salvaged directly from a Dutch colonial house that had fallen into ruin. Their journey to The Gunslinger's Hop was not without transformation.

Originally painted white, the panels underwent a meticulous restoration process. We carefully stripped away the old paint, revealing the raw beauty of the metal beneath. While some areas show signs of rust and natural wear—testaments to the passage of time—we chose to embrace these imperfections. Rather than disguising them, we preserved the panels in their authentic state, allowing their history to shine through. These marks of age and character now serve as a focal point, adding a layer of authenticity and nostalgia to the space.

Take a moment to admire the intricate craftsmanship of the Art Nouveau designs, which reflect the elegance and artistry of a bygone era. Whether you're enjoying a cocktail or simply soaking in the ambiance, these panels invite you to connect with the rich colonial history that defines The Gunslinger's Hop.
